

## Lodging Possibilities in Provence

The following accommodations are all within about 10 minutes from Abbey St-Michel-de-Frigolet by car and listed according to the town they're in or near. Tarascon (the biggest of these) is southwest of the abbey, and Beaucaire is directly across the Rhone (by bridge) from Tarascon. Barbentane is north of the abbey, Graveson to the east, Chateaufort to the northeast, Noves a few miles east of it, and St-Remy-de-Provence southeast. I've specified levels of quality (which also suggests price range). Although this is not a recommendation list, a few of the establishments were suggested by the folks at the abbey—I've indicated these by asterisks. The country code for France is 33. Sometimes information is faulty or incomplete, so when email isn't available or doesn't work, try calling or faxing. If the hotel you choose is filled up, the management will likely offer suggestions of other places nearby.

Happy Hunting,

J. Murphy
